What's New?

100 bolts of Patchwork fabric arrived last week, all at just \$16.95 per meter.

Fiskars Scissors are back in stock, and because of the great Australian Dollar are cheaper than ever before ... in fact we think we have the best price in Australia for these great scissors!

Direct from Martha Pullen our range of Heirloom Quality fabric is increasing with Batiste, Linen and Pique now in stock. New stock arriving regularly.

Class news

Cathy's Dressmaking and General Sewing classes on Saturdays have been so popular that she is now offering a new session on Saturday mornings. These new sessions have started immediately and we have space for a few more students. The classes will be scheduled again in Term 3 and 4. This is a great chance for busy mums/dads and working men and women to take some time out to sew and learn new skills.

Our Term 3 Class List will be coming out shortly, because of ill health Michelle is continuing to reduce her time in the shop, so do not miss the opportunity to enrol in the Overlocker Mastery course which will be offered for the last time this year.

Own 5D Embroidery Software? Michelle's Classes are now available on DV, keep watching for more titles which are added frequently.
